

NORTHAW AND CUFFLEY RESIDENTS ASSOCIATION

POLICY STATEMENT ON USE OF NCRA DATABASE OR WEB SITE TO ADVERTISE LOCAL EVENTS

The Association has received a gradually increasing number of requests from a variety of local organisations to advertise their events. Their intention was that the Association would use its database to email those members for whom addresses are held and/or to include details on the Association web site on the page headed News & Events.

At the Committee meeting held on 5 October 2017, the subject was discussed at some length and the future treatment of such requests was decided.

Future requests to advertise using the Association facilities will all be refused politely. If necessary it can be explained that members supplied their email addresses only for the purposes of the Association and would not want to receive advertising material of any kind about other organizations.

It was also decided that the web page headed News & Events would be taken down.
