

NORTHAW AND CUFFLEY RESIDENTS ASSOCIATION

POLICY STATEMENT ON USE OF NCRA WEB SITE OR EMAIL DATABASE TO ADVERTISE LOCAL EVENTS

The Association has received a gradually increasing number of requests from a variety of local organisations to advertise their events. Their intention was that the Association would include details on the Association web site and/or use its email database to notify those members for whom addresses are held.

At the Committee meeting held on 7 February 2019 the subject was reviewed and the future treatment of such requests has been changed.

Future requests from non-commercial local community organisations to advertise using the Association web site will be actioned.

Requests for the Association to use its email database containing members' details will continue to be refused. If necessary it can be explained that members supplied their email addresses only for the purposes of the Association and would not want to receive advertising material of any kind about other organisations.
